

Pack Up Team Role Description

1. DPC Vision Statement

Darebin Presbyterian Church (DPC) exists to be a community where people meet Jesus and follow him together.

Your ministry on the Pack Up Ministry Team helps us to realise this vision since having buildings that are neat and tidy enables us to better welcome new people and help them encounter Jesus in the ministry of our church. Also, by packing up after our Sunday services you allow the rest of the DPC community to focus on deepening their connections with each other, and encouraging one another in Christ. Caring for our buildings also ensures we are being good stewards and that we are creating a space that is safe and comfortable for people to use whether they are part of our DPC church family or hirers.

2. Qualifications

It is necessary that you can be available to stay back after the church service. A certain level of strength and mobility will help.

3. Key Outcomes

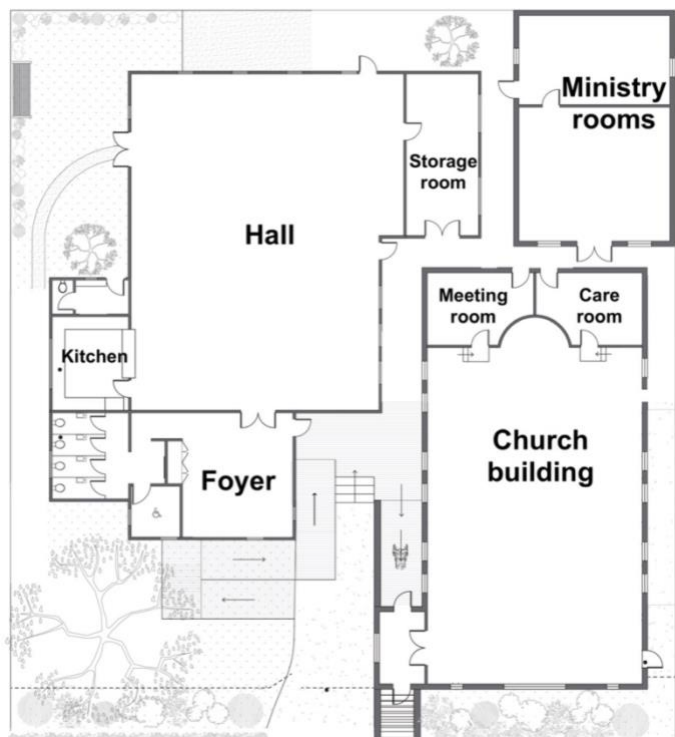

- All DPC belongings are appropriately stored or otherwise removed.
- Venue is left neat and tidy (regardless of its initial state) with furniture returned to original locations.
- Buildings are locked and secured.
- Damage or maintenance issues are properly reported.

4. Specifics of Role

Each Sunday a Pack Up Leader and a Pack Up Member are scheduled to serve. The Leader has primary responsibility for ensuring pack up runs smoothly.

Access:

- The hall front door has a digital lock that requires a code. Team leaders will have this code or contact Adam, Aleesha or Trav as they can provide remote access.
- A key which opens all doors is stored in the locked chemical cupboard in the kitchen. This code will be given to volunteers.

Pack up commences once the formal part of the church service has ended. Try to do these steps in order as much as possible. Allow sufficient time for sweeping.
